BOOK REVIEWS

Note: Entries are listed alphabetically by title. An asterisk (*) denotes books written or edited by Mayo Clinic staff.

A

Androgenic Disorders, edited by GP Redmond—527

Anesthesia and Pain Control in the Geriatric Patient, edited by RB Smith et al—111

Anesthesiologist's Guide to the OR: *Prepped*, by RP Dutton, AD Goldstein—321

Atlas of Clinical Hepatology, by N Gitlin, RM Strauss—723

*Atlas of Human Cross-Sectional Anatomy: With CT and MR Images, by DR Cahill et al—526

Atlas of Surgical Oncology, edited by KI Bland et al—425

B

*Biofeedback: A Practitioner's Guide, edited by MS Schwartz—623

C

Cardiopulmonary Bypass: Principles and Techniques of Extracorporeal Circulation, edited by CT Mora et al—319

Clinical Decision Making in Colorectal Surgery, edited by SD Wexner, AM Vernava III—722

*Clinical Neurophysiology, edited by JR Daube—1214

Clinical Skills for Adult Primary Care, edited by ME Silverman, JW Hurst—425

Color Atlas and Synopsis of Pigmented Lesions, by RL Barnhill et al—321

D

Depression and Mania: From Neurobiology to Treatment, edited by GL Gessa et al—920

Differential Diagnosis in Pathology: Liver Disorders, by SN Thung, MA Gerber—822

Diseases of the Breast, edited by JR Harris et al—1126

E

Endoluminal Vascular Prostheses, edited by TAM Chuter et al—1214

Endoscopy of the Colon, Rectum, and Anus, by JM Church—1019

Epidemiology: The Logic of Modern Medicine, by M Jenicek—111

H

*Handbook of Patient Care in Vascular Surgery, by JW Hallett Jr et al—526

Healthcare Information Management Systems: A Practical Guide, edited by MJ Ball et al—526

I

Implantology, by H Spiekermann et al—215

Instructions for Geriatric Patients, by WA Soderman Jr—921

L

Laser Treatment for Naevi, edited by T Ohshiro—1019

M

Management of Pediatric Trauma, edited by WL Buntain—320

Manual of Asthma Management, edited by PM O'Byrne, NC Thomson—320

*Mayo Internal Medicine Board Review 1996-97, edited by UBS Prakash—722

Molecular Basis of Cancer, edited by J Mendelsohn et al—214

N

*Neoplastic Diseases of the Blood, edited by PH Wiernik et al—822

Neurologic Complications of Cancer, by JB Posner—319

*Neurology of Critical Illness, by EFM Wijdicks—111

O

*Osteoporosis: Biology, Diagnosis, and Management, edited by BL Riggs, LJ Melton III—920

P

Pediatric Trauma: Initial Care of the Injured Child, edited by RM Arensman—623

*Pocket Atlas of MRI Body Anatomy, by TH Berquist—722

*Pocket Atlas of MRI Musculoskeletal Anatomy, by TH Berquist—1126

Practical Guide to Clinical Bacteriology, edited by JR Pattison et al—823

Primary Pediatric Cardiology, edited by MH Gewitz—920

Principles and Practice of Assisted Human Reproduction, by RG Edwards, SA Brody—1214

Principles of Laparoscopic Surgery: Basic and Advanced Techniques, edited by ME Arregui et al—214

Procedures and Techniques in Intensive Care Medicine, edited by JM Rippe et al—1215

R

Review of Sports Medicine and Arthroscopy, by MD Miller et al—319

*Roenigk & Roenigk's Dermatologic Surgery: Principles and Practice, edited by RK Roenigk, HH Roenigk Jr—822

S

Sports Injury Management, by MK Anderson, SJ Hall—320

*Strategic Approaches in Coronary Intervention, edited by SG Ellis, DR Holmes Jr—1019

Stress, the Immune System and Psychiatry, edited by BE Leonard, K Miller—214

T

Techniques in Spinal Fusion and Stabilization, edited by PW Hitchon et al—723

Textbook of Psychiatric Epidemiology, edited by MT Tsuang et al—1215

Index to Volume 71

SUBJECTS*

*Italic page numbers indicate editorials, letters to the editor, and corrections.

A

Abdominal pain: 15-year-old boy with hypertension and, 713
in infants and children, 984
70-year-old man with weight loss and, 601
22-year-old man with rash and, 489
Activated protein C resistance: and thrombosis, 897
Acute lymphoblastic leukemia: end-of-therapy examinations in childhood, 854
Adenomas: multiple hepatic associated with hemorrhage, 478
gonadotroph pituitary—clinicopathologic analysis, 649
Adolescent psychiatry: functional disorders in children and adolescents, 259
Aging—see *Symposium on Geriatrics*
Airway obstruction: endobronchial thrombolysis for blood clots causing, 595
Aleukemic monocytic leukemia cutis: case report, 166
Alzheimer's disease: epidemiology of dementia in Rochester, Minnesota, 275
American College of Rheumatology: report of ad hoc committee on role of specialty care for chronic diseases, 1179
American Indians: Pine Ridge-Mayo NASA telemedicine project, 329, *420*
ε-Aminocaproic acid: for treatment of C1 inhibitor deficiency, 1175
Amphetamine intoxication: orthostatic hypotension after, 1067
Amylase: biochemical tests for diagnosis of acute pancreatitis, 1138
Analgesia: managing cancer pain, 472
Anemia: 57-year-old woman with rash and, 303, *624*
68-year-old man with renal failure and, 197
Anesthesia: psychogenic coma after general, 797
Angioedema: hereditary—ε-aminocaproic acid for C1 inhibitor deficiency, 1175
Angioplasty: hostility predicts restenosis after, 729, *817*
trends in myocardial revascularization, 927, *1016*
Angiotensin-converting enzyme inhibitors: for hypertension in patients with diabetes, 53
Angiotropic lymphoma: evolution from follicular lymphoma, 869
Antiepileptic drugs—see *Symposium on Epilepsy*
Antineutrophil cytoplasmic antibodies: associated with treatment-resistant ulcerative colitis, 431, *517*
Antiphospholipid antibodies: clinical implications in obstetrics, 1118
Aortic stenosis: Doppler echocardiography for preoperative evaluation, 141, *721*
APACHE II: prognosis of intensive-care unit patients with renal failure, 117, *215*
Arthroplasty: effect of feedback on resource use and morbidity in hip and knee, 127, *208*
Ascites: and hepatorenal syndrome, 874
Aspergillosis: itraconazole for chronic necrotizing pulmonary, 25
Asthma: nebulized lidocaine for glucocorticoid-dependent, 361
Astrocytomas: resource use and survival, 936
Atherosclerosis: nature of plaque determines risk of acute cardiovascular events, 957
role of endothelin in coronary, 769
see also *Coronary artery disease*
Atrial fenestration: for protein-losing enteropathy after Fontan operation, 378
Atrial fibrillation: prevention of thromboembolism and symptomatic treatment, 150
Atrial lead extraction: Mayo experience with Telectronics Accufix 330-801, 230, *314*
Atrial mass: diagnosis of metastatic melanoma, 1167
Attention-deficit hyperactivity disorder: primary-care approach, 463
Autoantibody tests: for rheumatologic disorders, 391
Autonomic neuropathy: physical countermaneuvers for management of orthostatic hypotension, 847

B

Back strength: and vertebral fractures in women with osteoporosis, 951
correlation of trunk muscle strength with age in children, 1047
effect of orthoses in patients with osteoporosis, 235
Balloon valvuloplasty: height-derived balloon sizing method, 556
Bed-wetting: evaluation and treatment, 857
Blistering disorders: generalized gravis junctional epidermolysis bullosa, 863
Blood clots: thrombolytic therapy for airway obstruction due to, 595
Blood pressure: response to exercise, 445
see also *Hypertension* and *Hypotension*
Bone marrow examinations: end-of-therapy in childhood leukemia, 854
Brain imaging: magnetic resonance imaging in epilepsy, 695
Brain injury: glucose modulation of ischemic, 801
Brain neoplasm: high-grade astrocytomas—resource use and survival, 936
Breast cancer: postsurgical changes mimicking inflammatory, 552
screening program for Cambodian women in a midwestern community, 437, *519*
Bronchoalveolar lavage: for detection of *Pneumocystis carinii*, 1025, *1121*
Brooke ileostomy: versus ileal pouch-anal anastomosis for ulcerative colitis, 748
Bursitis: greater trochanter pain syndrome, 565
Bypass grafting: trends in myocardial revascularization, 927, *1016*

C

C1 inhibitor deficiency: treatment with ε-aminocaproic acid, 1175
Calcification: computed tomographic scanning for coronary arterial, 369
Calcium channel blockers: for hypertension in patients with diabetes, 53
Cambodian patients: breast and cervical cancer screening program in a midwestern community, 437, *519*
Cancer: breast and cervical—program to increase screening for Cambodian women in a midwestern community, 437, *519*
lung—roentgenographically occult small-cell, 481
ovarian—and gangrene of the digits, 253
pain management, 472

prostate—serum prostate-specific antigen levels after postoperative radiation therapy, 242
see also *Carcinoma* and under specific disorder
Carbidopa-levodopa: for newly diagnosed Parkinson's disease, 659
Carboxypeptidase G_2: intrathecal instillation for methotrexate overdose, 161
Carcinoid syndrome: associated with hypogonadism and response to testosterone therapy, 1145
Carcinoma: breast—postsurgical changes mimicking inflammatory, 522
squamous cell—in ovary of 14-year-old girl, 380
urinary tract—platinum-based chemotherapy for, 945
see also *Cancer* and under specific disorder
Cardiac catheterization: hemodynamic—effect of Doppler echocardiography on utilization of, 141, *721*
transseptal—during mitral commissurotomy, 134
Cardiac transplantation: ventricular remodeling after, 735
Cardiomyopathy: dual-chamber pacing for, 1077
Cardioscopy: ultrasound device for underblood diagnostic and therapeutic maneuvers, 629, *719*
Cardiovascular disease—see *Coronary artery disease*
Cardiovascular risk factors: modification and clinical prognosis, 957
patient-physician agreement on examination-identified, 1131, *1209*
Cardiovascular stress testing: description and indications for use, 43
peak exercise blood pressure in healthy subjects, 445
Catheter-related sepsis: in central venous catheters, 838
Cavitary lung lesion: 40-year-old woman with solitary, 307
CEAP classification system: for diagnosis of chronic venous disease, 338, *422*
Central nervous system trauma: spinal shock, 384
Central venous catheters: infectious rates in, 838
predisposing factor for *Leuconostoc* bacteremia in infants, 1171
Cerebral ischemia: in patients with hepatitis, 671, *824*
Cervical cancer screening: for Cambodian women in a midwestern community, 437, *519*
Childhood disorders: abdominal pain—office evaluation, 984
attention-deficit hyperactivity disorder, 463
epilepsy—classification, assessment, and treatment, 899
functional disorders in children and adolescents, 259
leukemia—end-of-therapy examinations in acute lymphoblastic, 854
otitis media—in young children, 179
2-Chlorodeoxyadenosine: for refractory essential mixed cryoglobulinemia, 966
Cholangitis: primary sclerosing—surgical treatment of ulcerative colitis associated with, 748
Chondroma: review of pulmonary hamartomas, 14
Chronic obstructive pulmonary disease: nocturnal nasal ventilation for, 533
Cirrhosis: ascites and hepatorenal syndrome, 874
thoracic duct-cutaneous fistula in patient with, 793
variceal hemorrhage in patients with, 973
Cisplatin: for urinary tract carcinoma, 945
Cladribine: for refractory essential mixed cryoglobulinemia, 966
Classification systems: seizures—clinical approach, 405, *1213*
vascular disorders—the "CEAP" system, 338, *422*
Cognitive function: use of Mini-Mental State Examination in general medical practice, 829
Colitis—see *Crohn's disease*, *Inflammatory bowel disease*, and *Ulcerative colitis*
Coma: psychogenic after general anesthesia, 797
Commissurotomy: height-derived balloon sizing method for mitral, 556
intracardiac echocardiography during mitral, 134
Communication of health problems: identified during general examination, 1131, *1209*
Connective tissue disease: use and interpretation of rheumatologic tests, 391
Constipation: and fecal incontinence in elderly patients, 81
Continuous improvement: effect of feedback on resource use and morbidity in group practice, 127, *208*
Contrast-related toxicity: in patients with renal insufficiency and failure, 1150
Convulsive disorders: descriptive epidemiology of epilepsy, 576
see also *Symposium on Epilepsy*
Coronary artery disease: altering risk factors, atherosclerotic plaques, and clinical prognosis, 957
aortic stenosis—Doppler echocardiography for preoperative assessment of, 141
arteriovenous fistulas—percutaneous transcatheter embolization of, 37
calcification—computed tomographic scanning for, 369
psychosocial risk factors for restenosis after angioplasty, 729, *817*
review of cardiovascular disease in elderly patients, 184
review of cardiovascular stress testing, 43
role of endothelin in atherosclerosis, 769
trends in myocardial revascularization, 927, *1016*
CORRECTIONS
Cerebral ischemia in patients with hepatitis C virus infection and mixed cryoglobulinemia (1996; 71:671-678), 824
Common rheumatologic diseases in elderly patients (1995; 70:1205-1214), 112
57-year-old woman with anemia and rash (1996; 71:303-306), 624

22-year-old man with abdominal pain and rash, 489
70-year-old man with abdominal pain and weight loss, 601
15-year-old boy with abdominal pain and hypertension, 713
60-year-old man with respiratory distress and confusion, 813
62-year-old man with fever and cough, 889
30-year-old man with recurrent episodes of dyspnea, 893
66-year-old woman with fever and hemolysis, 1007
63-year-old woman with fever and right flank pain, 1011
71-year-old man with syncope and chronic leg edema, 1097
68-year-old man with impotence, 1101
90-year-old man with fever and melena, 1205
Respiratory distress: 60-year-old man with confusion and, 813
Respiratory failure: *Pneumocystis carinii* pneumonia in patients without AIDS, 5, *102*, *323*
Restenosis: psychosocial risk factors, 729, *817*
Revascularization: trends in myocardial, 927, *1016*
Rheumatic diseases: role of specialty care for chronic, 1179
Rheumatologic tests: guide for clinicians, 391
Rhinitis: office management, 882
Risk factor modification: for coronary artery disease, 957
patient-physician agreement on identified cardiovascular risk factors, 1131, *1209*
Rochester Epidemiology Project: contributions to study of epilepsy, 570
history of, 266
study of dementia in Rochester, Minnesota, 275
Rural medicine: Pine Ridge-Mayo NASA telemedicine project, 329, *420*

S

Sarcoma: epithelioid—clinicopathologic review of 55 cases, 636
Sciatica: diagnosis and management of lumbar disk disease, 283
treatment with epidural corticosteroid injections, 169
Screening studies: for cancer in Cambodian women, 437
in geriatric health maintenance, 289
Seizures: myoclonus, 679
see also *Symposium on Epilepsy*
Sensory illusion: symbol recognition produced by tactile stimulation, 1039
Short-gut syndrome: *Leuconostoc* bacteremia in infant with, 1171
urinary magnesium values in gut failure, 21
Sinusitis: office management, 882
Skin lesions: aleukemic monocytic leukemia cutis, 166
35-year-old woman with ulcerating, 59
Soft tissue tumors: epithelioid sarcoma, 636
Specialists: role in treatment of chronic diseases, 1179
versus generalists for primary care, 415

Speech disorders: dysarthria and apraxia associated with FK-506, 969
Spinal cord tumors: primary spinal epidural non-Hodgkin's lymphoma, 453
Spinal muscular atrophy: polymerase chain reaction-based test for, 397
Spinal shock: subject review, 384
Squamous cell carcinoma: in ovary of 14-year-old girl, 380
STAMP VIGNETTES
Dumitru Bagdasar, 31
Allan Cormack, 288
Godfrey Hounsfield, 990
David Hubel, 116
Percy Lavon Julian, 1170
Daniel Nathans, 360
Nicolae Paulescu, 522
Phoebe Pember, 856
Hans von Euler-Chelpin, 596
Erik von Willebrand, 1088
James D. Watson, 658
Status epilepticus: review of generalized convulsive, 787
Strength predictors: correlation of trunk muscle strength with age in children, 1047
Streptokinase—see *Thrombolytic therapy*
Stress tests: descriptions and indications for cardiovascular, 43
peak exercise blood pressure in healthy subjects, 445
Stroke: prevention in patients with atrial fibrillation, 150
SYMPOSIUM ON EPILEPSY
Causes of epilepsy: contributions of the Rochester Epidemiology Project, 570
Classification of seizures and epileptic syndromes, 405, *1213*
Descriptive epidemiology: population-based studies from Rochester, Minnesota, 576
Epilepsy education: a nursing perspective, 1114
Epilepsy in women, 991
Epileptiform electroencephalographic patterns, 501
Foreword, 403
Generalized convulsive status epilepticus, 787
Long-term electroencephalographic monitoring for diagnosis and management of seizures, 1000
Long-term follow-up of patients treated surgically for medically intractable epilepsy, 1105
Magnetic resonance imaging in epilepsy, 695
Neuropsychologic assessment in surgical treatment of epilepsy, 1196
Psychiatric implications of surgical treatment of epilepsy, 1201
Psychogenic nonepileptic seizures, 493, *1125*
Selection of antiepileptic drugs, 778
Update on epilepsy in pediatric patients, 899
SYMPOSIUM ON GERIATRICS
(Parts I through VI were published in the July through December 1995 issues. See 1995 Index for entries for those contributions)
Cardiovascular disease in elderly patients, 184
Constipation and fecal incontinence in elderly patients, 81
Geriatric health maintenance, 289
Urinary incontinence in elderly patients, 93
Syncope: 71-year-old man with chronic leg edema and, 1097

T

Tacrolimus: dysarthria and apraxia of speech associated with, 969
Tactile stimulation: symbol recognition produced by, 1039
Telemedicine: Pine Ridge-Mayo NASA project, 329, *420*
Temporal lobectomy—see *Epilepsy-related surgical treatment*
Testosterone therapy: pseudocarcinoid syndrome associated with hypogonadism and response to, 1145
Thoracoscopy: video-assisted thoracic surgical procedures, 351
Thoracotomy: for spontaneous pneumothorax during pregnancy, 249
Thrombocytopenia: plasmapheresis for Waldenström's macroglobulinemia-associated, 597
Thromboembolism: prevention in patients with atrial fibrillation, 150
Thrombolytic therapy: endobronchial for airway obstruction, 595
for obstruction of mechanical prosthetic valves, 605
Thrombosis: and activated protein C resistance, 897
Training programs: teaching residents about managed care, 201
Transcatheter embolization: of coronary arteriovenous fistulas, 37
Transitional cell carcinoma: platinum-based chemotherapy for advanced, 945
Transseptal catheterization: during mitral commissurotomy, 134
Transvenous biopsy: transesophageal echocardiographic-guided for diagnosis of right atrial metastatic melanoma, 1167
Traumatic injuries: spinal shock, 384
Trochanteric bursitis: greater trochanter pain syndrome, 565
Trunk muscle strength: in children, 1047
Tuberculosis: molecular techniques for diagnosing nosocomial transmission, 221, *311*
Tympanitis: otitis media in young children, 179

U

Ulcerative colitis: association of anti-neutrophil cytoplasmic antibodies with treatment-resistant, 431, *517*
changing referral patterns for surgical treatment, 743
comparison of surgical treatments, 748
methotrexate for treatment of chronic, 69, *104*
Ultrasound cardioscopy: for under-blood diagnostic and therapeutic maneuvers, 629, *719*
Urinary incontinence: in elderly patients, 93
Urinary tract cancer: platinum-based chemotherapy for, 945

V

Valve replacement: thrombolytic therapy for obstructed mechanical prosthetic valves, 605
Variceal hemorrhage: pathophysiology and treatment, 973
Vasomotor outflow: suppression after amphetamine intoxication, 1067
Vena caval obstruction: after Mustard operation, 1071
Venous disease: the "CEAP" classification system, 338, *422*
Ventricular remodeling: after orthotopic cardiac transplantation, 735
Ventriculolumbar perfusion: for methotrexate overdose, 161
Vertebral fractures: prevention in women with osteoporosis, 951
Video-assisted thoracic surgical procedures: Mayo experience, 351

W

Waldenström's macroglobulinemia: plasmapheresis for thrombocytopenic purpura associated with, 597
Wedge excision: video-assisted thoracic surgical procedures, 351
Williams syndrome: cytogenetic testing for, 67
